## AT A GLANCE

### Who we are

Covestro is a global leader in developing high-tech materials that make the world a brighter place. Our innovative solutions help make cars lighter and more fuel efficient, mattresses more comfortable, electronics better protected and homes better insulated – all while driving toward a more circular economy. Our vision? To become fully circular.

### Our products

*Did you know? You're never more than six feet away from a Covestro product!*

We produce materials that are transformed into products you use and see every day – from the adhesives holding your shoes together to the plastic casing that protects your laptop! Our diverse product portfolio spans nearly every industry, including automotive, construction, electronics, furniture, healthcare and sports.

## SOUTH CHARLESTON

### Our local presence

Our location in South Charleston, W. Va., is Covestro's fourth largest polyol production site globally, and was the first to commercialize the company's IMPACT™ technology for producing polyols. Today, the facility produces specialty chemicals, including polyurethane polyols and polymer polyols. These materials enhance every day products across diverse industries, including automotive, furniture and sports and leisure.

### Giving back to our communities

Our passionate employees have countless opportunities to take their talents to the communities where we live, work and play, by helping non-profits solve business challenges, raising funds for a good cause, sharing our excitement for science with the next generation, and inspiring a cleaner future.
